It is primarily the responsibility of the State Governments concerned to take necessary measures in the wake of natural calamities including drought. The Government of India supplements the efforts of the States with financial and logistic support. The State Governments have ready availability of funds under Calamity Relief Fund (CRF) for taking necessary measures. For additional assistance from National Calamity Contingency Fund (NCCF) for natural calamities of severe nature, the State Governments are required to submit a Memorandum. No Memorandum for assistance from the NCCF for drought relief in the wake of deficient rainfall in that region during South-West Monsoon 2008 has been received. The existing norms of expenditure for assistance from CRF/NCCF include assistance towards input subsidy for crop loss of 50% and above, assistance for providing fodder for cattle maintained in the cattle camps, assistance for transportation of drinking water, assistance towards supplementary nutrition and gratuitous relief.
